Dear Mr. Eggers,

I'm writing you on behalf of *Friends of KALW*, a recently re-energized support group for radio station 91.7 FM. *Friends'* goals are to build an endowment for the station, to increase listenership, to encourage development of quality locally produced programming, and to support station management in difficulties like the recent FCC license challenge.

I know I speak for all of *Friends* when I thank you for your past support for and interest in KALW. Please consider in addition becoming an "Honorary" advisor to *Friends*. Duties include recording a short plug that can air during pledge time and allowing *Friends* to use your name on its web page and letterhead. You can learn more about *Friends* by visiting our website or by giving me a call.

Thanks for your consideration,

Dan Carlevaro
President of *Friends*
